VAMPIROS EL TORO

"VAMPIRO" is the name given to one of the most iconic creations of Mexican cuisine, a unique combination that blends flavor, tradition, and craving.

Since 1993, at "Vampiros El Toro," we've been bringing authentic vampiros to your table: golden cheese crusts, protein of your choice, beans, vegetables, and sauce, all prepared on the spot with the same recipe that made us famous.

A craving that became a tradition, with the same flavor as always and the heart of León, Gto.
